The Area

The Akamas Peninsula is one of the last remaining natural areas on the island and is protected by UNESCO. You can swim, cycle, walk and explore this beautiful area of the island and not be disturbed. It is the most westerly point of the island, covering approximately 230 square km and is where you will find a wild untouched landscape, amazing natural beauty, deep gorges, stunning sandy bays and of course many hundreds of plant and bird species, mammals and reptiles. During spring the area is ablaze with flowers and the scent of anemones, orchids and jasmine are heavy in the air.

The harbour and marina of Latchi boasts an array of fish restaurants which would excite the palate of most discerning gourmets. Polis town is well served with an extensive choice of shops, supermarkets, banks, schools, medical services and fine restaurants. Polis Square is set around a pedestrian plaza hosting a daily market. As the sun sets the market is transformed into a series of pavement cafes serving delicious local dishes, fresh fish and meze.
