The Area

Geroskipou boasts an abundance of modern day facilities and yet has lost none of its charm as a traditional Cypriot village. Its proximity to Paphos town and International Airport ensures that Geroskipou village is popular choice with locals and visitors alike. Geroskipou is famous for its rare 5 domed Church, traditional pottery and "Cyprus delights". Geroskipou's long, sandy beach has been awarded the accolade of 'blue flag' status and offers bathers a choice of cafes, bars and recreational facilities.

Nestled in the South-West corner in probably the most beautiful part of the island and sheltered from the North by the Troodos mountains, Paphos, once the Roman capital of the island, enjoys mild winters and warm, seemingly endless summers. The irrigation system has helped to turn Paphos into the "garden of Cyprus" and it is also renowned as having one of the healthiest climates in the Mediterranean. Paphos has become the focus of one of the most exciting areas for real estate investment in the eastern Mediterranean. The Government and private enterprise continue to invest heavily in the infrastructure, providing such features as extending the motorway network, extensive improvements to the quaint harbour of Paphos and coastal walkway, a new state-of-the-art marina is planned for around 1000 yachts and upgrading the International Airport into one of the most modern in the Mediterranean basin.
